

Testimonial

We are grateful for the two enriching years our daughter has been with the Lehigh Valley Montessori Academy.

A beautiful classroom, a dedicated and caring teacher, an enriching curriculum, the perfect class size, well-planned trips, informative parent workshops, very friendly and open parent-teacher communication...we couldn't have asked for more.

"In everything that must be done, there is an element of fun"- Mary Poppins. Our child and her friends were having so much fun as they learnt. And learn they did- much, much more than other children attending a full 5 day session. The breadth of learning was simply amazing.

From the sweet songs they learnt every morning to the wonders of the Universe, from learning birdcalls to learning how to multiply and divide, from learning about artists and composers to learning how to scrub clean a table, from learning about continents and cultures to learning to respect other people and their work...It was a joy to see our child learn and grow.

I have great admiration and respect for Michelle, for the way she runs her school. She is meticulous, organized, industrious, considerate, gentle- yet firm, encourages independence- yet guides the children in need of direction, friendly and kind, and a great role model for the children, as she puts her heart and soul into everything she does. The detailed, unhurried parent-teacher conferences showed Michelle's genuine interest in each of her students- and she was as excited as us (parents) as the children learnt new things & honed their skills.

We need today, more than ever, a place where our children can learn good values, find it rewarding to be polite and well-mannered, to take pride in their work. And LVMA is the perfect nurturing ground.

It's not easy finding a school that meets your expectations, and after two years at LVMA we find it harder still, as no other school matches up.

We miss the informative parent nights, the thoughtfully picked school trips, and all the tips Michelle so enthusiastically shared with us, and which have helped me help my child at home. And the pictures- which were eagerly awaited, as we could look through them, peep into her little world, and actually see her at work so calmly.

You can do things, and then- you can do things with love- That is what sets LVMA apart, in that it is a Labor of Love.

We will always have very fond memories of the beautiful time of innocence and learning our child was fortunate to have at the Lehigh Valley Montessori Academy.
