

LVMA Today

October 2009

 **Breaking News**...at your request, LVMA will offer a five-day schedule next year for all students! We will be able to provide your children with an even more comprehensive and enriching curriculum! More details will be distributed in the upcoming months.

 The conferences went very well! It is always a pleasure discussing the children and their progress. Parents sometimes have more questions once they get home and review the progress report. Feel free to contact me via phone or email with any new questions you may have.

 Class picture day is coming up October 28th. Mr. Jonathan Sands (LVMA Alumni Jessica and Danielle) will be with us the entire day shooting both candid photos and portraits. More ordering information will follow.

 Thanks again to everyone who has contributed much needed wish list items. We appreciate your generosity! The classroom is always in need of tissues, napkins and white or colored copy paper.

 November 3rd is our first Parent Education Workshop of the school year. This free, interactive workshop is entitled *Discipline Toolkit*. Parents will leave with a "toolkit" of ideas for positive discipline and redirection in the home. Please join us!

 The Planetarium Field Trip is confirmed for November 11th at the Allentown School District planetarium. Look for more information in upcoming Friday folders.

 Mark your calendars! Vinky Pathak (Nirva- AM) has offered to give us a "Children's Dental Health" Demonstration at her practice on February 17, 2010. This fun and informative presentation will give children a positive outlook on trips to the dentist! For more information, you can visit Vinky's website: www.windsorfamilydental.com.
