

LVMA Today

December 2009

Expansion Update...we finally have the new keys in our possession! There are a few cosmetic changes that need to be made, but otherwise, it's move-in ready! The "Materials-Making Party" in February will take place in the new building, so everyone will get a sneak peek!

Thank you in advance for those who participated in our Ornament Tree this year. Your gifts are much appreciated and will remain in the classroom forever.

January will bring a review of Seasons, as well as an introduction to Measurement and Time-Lines. Nearing the end of January, you'll hear all about our travels back in time to the Triassic Period! Encourage your child to share his/her favorite dinosaur books with the class at that time.

Our next field trip will take place on January 13th. We'll visit the Lehigh County Historical Society. A few years ago, LVMA and the Historical Society teamed up to create a preschool program designed with young children's needs in mind. Come find out what makes the Lehigh Valley so special!

December 18th is our annual Children's Holiday Party. We'll sing carols, bake cookies, make crafts and read *'Twas the Night before Christmas*. It's always a lot of fun, you're sure to hear all about it!

Remember to keep up with the Montessori philosophy at home over the winter break. Kids love to help shovel, make hot cocoa, or even grate cinnamon for your eggnog! Most importantly, have fun and enjoy this time together!

Our school will be closed for winter break from December 21-January 1. We'll see you in the New Year!

Happy Holidays!
