

LVMA Today

February 2010

Happy Valentine's Day!

♥ Expansion Update: We are currently awaiting our Certificate of Occupancy. As soon as we receive that document, the fun work begins! We'll start by ripping up carpets, putting down wood floors and removing a wall in Pre-primary. Expansion pictures will be posted on our photo website: www.lvma.shutterfly.com.

♥ Thank you, Vinky Pathak, for the fantastic presentation at Windsor Family Dental. The children walked away with a positive impression of the dentist's office!

♥ Happy Birthday, Gabriella Cilmi (3/9) and Elias Kyriakides (3/18)!

♥ Thanks to all the moms who help us assemble new activities for our classroom. The children and I appreciate your commitment!

♥ After wrapping up our South American studies, LVMA travels next to the continent of Europe. Families with artifacts from Europe are asked to consider sending them in for a few days to share with the children. Afterwards, we'll begin our scientific explorations of the biomes.

♥ Please take note; our trip to the Allentown Art Museum has been rescheduled for Friday, March 26th.

♥ If you have any tarnished silver in need of a good polish, please send it in for our silver polishing work. The children are as careful as possible, but accidents do happen- please do not send in anything with sentimental value.

♥ Thank you for submitting your re-enrollment paperwork for the 2010-2011 school year, we are so fortunate to have such dedicated LVMA families. Any children moving on to another school are offered our best wishes in hopes of a smooth and successful transition.
